

Fall 2016 Registration Information

The goal of After School Activities is to enhance the student learning experience by offering enrichment classes that appeal to each child's interests. The classes should be fun and enjoyable for students. The vendors offering classes are private organizations. Please make sure to communicate any questions or concerns about a child's participation to the vendors directly to help determine if the class is a good fit for your student. Take a look at our wonderful class choices!
